

REMARKS

By submission of the substitute specification, the specification has been amended to separate FIGURE 1 (at page 15) and FLOW CHART 1 (at page 16) from the text of the specification. As a result of this amendment, the specification has been amended to add a brief description of the drawings and to refer to the drawings, as noted above.

Additional minor changes have been made to correct obvious clerical errors. These changes were also noted above.

Please charge any fee deficiency, including extensions of time, or credit any overpayment to Deposit Account No. 50-1088.

Respectfully submitted,
